Construction Update

We are revising the drive/drop-off area in front of the hospital entrance to allow for the creation of an additional drive/drop-off area next to the new outpatient surgery center we are building in the Physician Office Building. The project will be loud at times, and construction vehicles will be present in the area. This project will last through May 11 and will require that we dramatically shrink the hospital drive/drop-off area until completed.

Happy Birthday to YOU!!

Spring and Summer Dress Code

Spring has sprung, and summer will be here before we

know it! Now that warmer weather is here, please be mindful of our **Personal Appearance policy (HR policy 271)**. Your appearance has a

direct impact on patient and visitor perceptions of Woman's – our cleanliness and quality of care as well as our organizational culture and sense of pride.

Here are a few reminders:

Strong fragrances/colognes can trigger allergic reactions, headaches or cause general discomfort to others. This is especially important in a hospital environment because some patients are nauseous and strong odors create an even more uncomfortable situation. **Our policy prohibits wearing fragrances in the workplace.**

Flip-flops, and casual sandals that resemble flip-flops are not permitted. This means that the shoe should be secured to the foot with a strap to avoid slipping and tripping. Employee Health treats a number of trips and falls each year, and most of these are related to unsafe shoes.

Clothing designed specifically for sporting activities (e.g. sweatshirts, shorts, windsuits, etc.), casual leisure wear such as leggings are not permitted by our policy.

Blue jeans may be worn on Fridays only if allowed by departmental guidelines. Blue jeans must be dark-hued, in good repair, and worn with a collared shirt, dress blouse or Woman's T-shirt. Ripped, torn and acid washed jeans do not present a professional appearance and should not be worn to the hospital. T-shirts with the Woman's logo or from Hospital-sponsored events may be worn on Fridays only but must be neat, clean and appropriately fitted.

Thank you for your help in implementing this policy, and Happy Spring and Summer!!
